

Woodlands Trail

There is wildlife around English Turn
There was a bit of a concern
We had to build a trail or park
Of course, we couldn't work in the dark.

So we thought of Woodlands Trail
Katie Brasted's dream must prevail
This will not be an easy job
If you get hot, please do not sob.

First you can take a hike
Or you can ride a bike
Let's try something new like equestrian
Or just plain old pedestrian.

Last, but not least, bird watching
You might see birds when you're docking
Wait! What do boats have to do with the trail?
I think my words are trying to fail.

As I say "Good bye,"
I see the birds fly
Please be in this project
For our lives it will affect.

When the trail is done,
We will have some fun
We'll see and feel the beautiful sun
We'll all rejoice when it is done.
