

Mississippi River Trail

One day in B.C.P. School
Mrs. Johnson told me,
World War bunkers
Are kind of cool

Then Katie Brasted taught us a lot
Osprey and flora were a big thought.

Mississippi River Trail
Isn't complete yet,
But if we work hard
It will I bet.

Pedestrians would love it
Equestrians would too,
And if we complete it,
We'll be yelling, "Woo!"

It would be a legacy
What a sight to see
Where everything that was there
Peaceful it would be.

Bottomland forests
We could probably see,
Beautiful and pretty
Nothing like the city.

10 World War bunkers
Are behind the school.
And if you see them
You will shout that's cool

So please support us
How dare you not
C'mon give it a shot.

Would that not be a sight to see
But at least you
That it's cool to me
